Use of candles:

- Never leave a burning candle unattended
- Keep out of the reach of children and pets
- Keep a minimum distance of 10 cm between burning candles
- Do not place the Socialbox on or near anything that can catch fire.
- Burn candle in an area free from draughts
- Never put in warm places. This can cause candles to overheat
- Do not move whilst alight or wax remains molten. Once extinguished allow to cool before moving.
- Novelty candles may drip excessively. Please be cautious.
- Ensure candle and holder stay upright.
- Extinguish if the flame becomes enlarged, contacts candle holder, or begin to smoke.
- Use a candle snuffer to extinguish the flame.
- If candle overheats cover with damp cloth to extinguish, never use water.
- Keep wick trimmed to 1 cm, remove any carbon build up.

Use of the shutters:

- We strongly recommend using a candle snuffer to extinguish the candles before using the shutter.

Use of the Socialbox:

- **NEVER LIFT THE COVER OF THE SOCIALBOX WITH THE CANDLES BURNING!**
- Only use candles comparable with the candles delivered.
- We are not responsible for special, direct, indirect, consequential, or incidental damages or any damages to phones or other devices or anything else arising out of or in connection with the use of The Socialbox.

Our wood:

- We use solid wood. Solid wood still lives. This means that the wood can crimp. We are not responsible for excessive crimp, or any damage caused by crimp of the wood.
- The candles warmth may cause extra crimp.
- The Socialbox is impregnated with flame retardant oil. This not mean that you can leave a Socialbox with burning candles unattended.
- The buyer is responsible for the maintenance of the product.
